My is Fredrick Otieno Munga. I was so blessed to be part of the team that attended attend a conference that was held at the town hall. I fellowship at Winyo church of Christ so I got the information of the meeting of the conference and found the opportunity to be in the teaching from morning devotions.

Am glad I met a very strange pastor and he said his name was David, though I can't fully recall his second name, which was not so important to me. It is true that I have along [the way heard] so many teachers and preachers, but what moved me was the way pastor structured and explained the scriptures. (Though I could not understand the words but I was following the translations of what was being preached.)

For years I have been dealing with enemies and [throughout] my life. I have had enemies since I was a boy. [I] am amazed how the man of God was dwelling around the Word of God through a brotherly love, which he used this to strike every part of me. There is a book he read, the first letters of John chapter 2 from 9-11 and I remember he said that those who say that live and love God, [they are] blind and is walking in a direction that he does not understand [in darkness, if he hates his brother].

This was like a direct attack to me but because this was someone I have never met, and I believe he is white because I saw his skin on the papers, so was convinced that no one had a clue. As the man of God was talking he touched many areas about forgiveness and how God has shown it to us. I started asking God to give me a forgiving heart, because I call myself a child of the most high but hatred [has] lived along me.

When I went back home I spoke to myself. I am feeling that I have had the heart of forgiveness and I [can] sincerely say that we have had endless wars with my own wife for 9 years now, [ever] since I found her ruining our marriage, dating someone outside the wedlock. So because I had this kept in my heart, it has brought endless fights, [such] which we had to send our children to my mother in law.

But the next night after praying and crying to God to forgive me and also to give me a forgiving heart, I called my wife and we are once again sharing the same bed and I find a happy family with my children coming home soon. I know our God is humble and forgiving and the pastor dwelled so much, how He practiced this to man after sin in Eden. My request is to pray for my family and me so we can live in a forgiving heart and love.

Thank pastor John and David for this revelation may you all be a blessing and be blessed

Your friend Fred
