Hello there pastor,

I am called Alfred Buoro and I am blessed in the Lord to take this opportunity to say thanks to God for another day. I have been walking in the path of Christianity under Catholic [teachings] since 2004 and I [believed] that the kingdom of God is for anyone who was going to church.

I was amazed at how the things of my life was going even though I believed that way. Again, I knew that the virgin Mary was taking all our prayers to God and they will one day be answered. I have lived a life of a lot of trouble without peace because my three wives have left me.

Though I had money to provide a meal for them, they still ended up leaving me. So when I was at the conference the preacher talked for a long time, mentioning that Jesus is the savior of the world. I had believed Mary was everything and read John14:6 where Jesus says “he is the way and truth.” With this I started seeing myself going to another greater level, and as he was about to end, this pastor David said lot that moved me. I started seeing my home stable and marriage happy.

He said a word in Romans 10 that the Word of God is near. I am moved and I want always to be attending these teachings and will keep touch with pastor here to make sure I hear many more teachings. As well, I already see that I want to get back to my wives and build my home and I know if God that I heard his word is with me, they will all come back to me. I have lived in darkness of religion but I now I have found the truth is Jesus.

Alfred
