Hello,

Am Melissa Anyango and I live in Rongo. I Have been [at the] conference of Pastor David Zebrowski two times now and I have seen the real blessing in the teachings I got there, [for] there is true Christianity that I have been seeking in different churches. To share about me and my past, [it] is very true that God has worked through the hands of two pastors, John and David, that I have found out help.

I aborted my pregnancy when I was about [to] get married, since I never wanted my husband to discover that I was pregnant, because according to the Luo culture, I would not [be able to] get married to him or any other man [because of this], [therefore] I decided that I get rid of the infant. Since this [occurred] in 2015 September, I have experienced milk flowing in my breast every morning. I have tried [to find help] as I said in different churches, but it has never worked for me. On 26th the man of God on the sim said that “if you know the truth it will set you free”. The first thing I thought of is my situation, and I [examined] myself [deeply].

When I got another chance to revisit, after taking to pastor John, He said that I [would] see deliverance when I truly need it, so I went on praying and seeking this deliverance. I went to the conference where I [found] Jesus and three days after praying without eating, asking God to deliver me, all the milk that has been coming every morning from my breast stopped.

Please keep me lifted up [in prayer] and I would love to attend every [one] of these conferences, because through it I found peace and light.

God bless you.
